6. VIDEO: Connect to Video terminal on TV.
7. SPDIF: Dolby SPDIF output to amplifier.
8. DC Jack: DC 12V input from Adaptor. Connect to Adaptor Plug.
Customer Premise Equipment

Smart Card
A Smart Card is a credit card sized card, which contains information about the channels that the customer has subscribed to.

Smart Card is to be inserted into a slot in the set-top box. When inserted in the set-top box, it enables viewing of the channels chosen by the customer.

Dish
A Dish is a special kind of antenna that receives signals from satellites and redirects the same to the set-top box to enable viewing of your channels and other content.

LNB
Low Noise Block (LNB) down converter is fitted on the dish. It receives the reflected signals from the dish and feeds the signals to the set-top box.
**Safety**

- Be sure to read the Setup Guide before starting the operation of the set-top box unit.
- Do not touch the power cord with wet hands as it may cause an electric shock.
- Never open the set-top box cover.
  - It is very dangerous to touch the inside of the set-top box due to the possibility of an electric shock.
- Place set-top box in a well ventilated and no-heat environment.
- When the set-top box is not in use, make sure that the power cord is pulled out from the power outlet.
- Do not use a damaged power cord as it may cause fire or an electric shock.

**Precautions**

- Install the set-top box horizontally; an uneven installation may cause the set-top box to be damaged.
- Do not put any items on the set-top box that may overheat it or cause damage.
- Do not install the set-top box in places:
  - where it is subject to vibrations
  - where it is exposed to direct sunlight
  - where there is humidity
  - where the temperature is too high or too low
  - where there is no ventilation.
- Moving the set-top box to a hot area from a cold one will cause condensation.
  - Do not operate the set-top box for one or two hours until it has dried completely.

This product incorporates copyright protection technology that is protected by U.S. patents and other intellectual property rights. Use of this copyright protection technology must be authorized by Macrovision, and is intended for home and other limited viewing uses only unless otherwise authorized by Macrovision. Reverse engineering or disassembly is prohibited.

Do not connect the set-top box through a VCR/DVD player. Video signals fed through VCR/DVD players may be affected by copyright protection systems and the picture will be distorted on the television.

**Starting Up**

**Starting Up**

Starting Up involves the following 3 steps:

- Signal Checking
- Channel Scanning
- Results of Scanning

The installation module works step by step:

To navigate back and modify a previous step, use Left arrow key.

**Signal Checking**

A progress bar indicates the signal strength and quality (signal is strong and without errors). To access scanning press . An Advanced Signal Parameter item is also displayed.

In case of poor or bad signal quality, check connections and try again. Follow instructions on screen – Advanced Signal Parameters item is available.

Note: Even if signal quality is poor or bad, left arrow key permits to cancel the modifications and close pop-ups.
Channel Scanning and Results
On successful Signal Checking, Channel Scanning is performed and indicates the number of channels scanned (dynamic information).

When scanning is performed, the available channel list and video window is displayed.
► To navigate use: Ch numerical keys or up/down arrow keys. This will also update the content in the video window
► To go to Live full screen view, select a channel and press OK

Starting Up - Channel Scan

Starting Up - Channel List

Home
Home is the main menu, consisting of your Reliance Digital TV settings, services and features.

The top right corner of Home displays a video of the current viewed channel.

Home Menu
Using Home Menu
► To access Home Menu, press Home key
► To navigate and select a service, use Arrow keys
► To go to selected service, press Ok key
Mini-Guide

The Mini-Guide enhances the Live TV viewing experience with a multitude of easy-to-use features. The Mini-Guide lists all available channels and displays information about the current selected programme or allows browsing information for other programmes. The Mini-Guide display is divided into 3 panels:
- Center panel displays the channel name and number
- Left panel displays the channel category list
- Right panel displays information on current and next programme

The Mini Guide appears automatically over Live TV while changing channels. A Clock Icon is displayed next to the channel name when a Reminder is set.

Using the Mini-Guide
To display Mini-Guide on Live TV press info .
Use Left/Right arrow keys to switch between Channel Category List, Current or Next Programme.
Press OK to select/or confirm an action.

Selecting a Channel
- To navigate channel list, press Up/Down arrow keys
- To view selected channel, press OK
  OR
- Enter channel number using remote numerical Key Pad

Channel Category List
- To display Channel category List, press Left arrow key
- To select a category, press OK
- Mini Guide now displays the channels of the selected category
Mini Guide

Programme Information
► To display the programme information of current/next programme, press Right key.
► To view more information and options, press OK.

Set Mini-Guide Display Duration
The Mini-Guide appears automatically over Live TV when changing the channels. The display duration of the Mini-Guide can be set to 3, 5 or 8 seconds.

To change the Mini-Guide duration:

Settings: Favourite Lists

Favourite Lists
Set up a personal programme guide of channels of most frequently watched (TV, Radio and Cinema) and do away with the hassle of browsing through the entire channel list. Create up to 8 such favourite personal channel’s lists, each with their own names.

Create Favourite Lists
► Go to Home Menu ➤ Settings ➤ Favourite Lists
► To confirm press OK

Set up Favourite Channels List
► Press Right arrow key ➤ from Favourite name, entire channel list
► To navigate (move focus on) channel list, use Up/Down arrow keys ➤
► On selected channel name, press OK
► The checked channel is now added to the Favourite List
► Check icon appears ahead of the channel number

Renaming a Favourite List
To rename a Favourite channels folder via virtual keyboard, open the contextual menu and select the Rename item menu, then press OK

Modifying a Favourite List
To modify a Favourite Channel’s List (add and/or remove channels from this existing list), click OK on the list name to display the available pop-up. Move the focus on the concerned channel (checked) and press OK. The channel is removed from the Favourite Channel List and Check Icon disappears from the channel number.

Create Favourite Channels Name
► To open a virtual keyboard, press OK
► Assign a unique name (up to 6 characters) to this favourite channel list
► To confirm the name, press OK
► All channels list is displayed on the right side of the screen

Guide: AW 5.25” (L-W) x 5.25” (R-W) x 7.25” (H)
**Settings: Parental Control**

**Parental Control**

Parental locking enables one to set restrictions on programming and then enforce these restrictions using PIN Code. On tuning to restricted programmes, a message prompts you to unlock the restricted content by entering a unique PIN Code.

Default PIN Code: 0000

**Parental Control allows locking of:**

- Individual channels
- Cinema channels
- Content by rating (Morality Level)

By default, no channel is locked.

All selected or default values are displayed.

---

**Locking/Unlocking Channels**

- Go to Home Menu > Settings > Parental Control
- Press OK to confirm
- Enter PIN Code to access Parental Control (default PIN Code: 0000)
- Select Subsection Menu and click OK
  - Channel list is displayed on the right side of the screen
  - Use Up/Down arrows keys to navigate (move focus to) channel list
- Press OK on selected channel name to Lock/Unlock channel
- Lock icon appears in front of the channel number

**Change PIN Code**

Default factory PIN Code is 0000
- Select Change PIN Code menu
- Press OK to confirm, Sub-Menu pops up then enter the following:
  - Current PIN Code
  - New PIN Code
  - Re-enter New PIN Code
- Press OK to confirm

Note: Use left key to cancel entered digit.

---

Note: Locking by ‘rating’ is subject to availability of content tagged with morality rating.
Reminder

The Reminder feature enables the user to set a reminder so that few minutes before the programme/event starts, a message is displayed on screen that the programme is about to start, a message is displayed on screen that the programme is about to start.

Reminder ‘Clock’ icon appears before the programme name in Guide, Search Result Screen and Mini Guide.

All Reminders

- All Reminders set can be viewed via Home > Settings > Reminder
- Reminders are displayed in chronological order; the most recent is first of the list

Reminder Alert POP-UP

- Reminder Alert pop-up is displayed 5 minutes before a programme/event starts
- Reminder programme name is displayed with info about channel name, date and time
- Pop-up is displayed in full screen Live TV mode or in foreground of Main Menu

Setting a Reminder

Reminder function is available through Guide, Search and Mini Guide (for next event)
- Go to Guide Programme List
- Select programme name and click OK
- Sub Menu pops up – select ‘Remind Me’ option
- Clock icon appears before programme name

Reminder – Conflict Resolution

- If a second Reminder is set for the same start hour, a Reminder conflict pop-up appears when the ‘Remind Me’ option is selected in the Sub Menu
- Select Reminder that is to be kept

Note: When a programme is already selected to remind “Remove Reminder” option is available in Sub Menu. Select “Remove Reminder”, to cancel/delete the programme Reminder, the Clock icon disappears.

Services
Access the Services icon, for any customer related info. All you need to do is tune into ‘My Account’ to know more about your account details. Moreover, the information on Reliance Digital TV’s latest subscription, offers, features and functions are now just a click away with the iCare application.

Using Services
► Go to Home Menu > Services or
► Press BIG (Services) key from Remote
► List of applications is displayed
► To navigate application list press Up/Down/Left/Right arrow keys
► To tune to selected application press OK
Frequently Asked Questions (FAQs)

1. What is Reliance Digital TV?
Reliance Digital TV is a Direct To Home (DTH) service provided by the Reliance Anil Dhirubhai Ambani Group.

2. How is Reliance Digital TV different from your existing cable?
Reliance Digital TV is a DTH service based on satellite transmission, hence it is better in terms of picture and sound quality than cable TV, which is based on cable transmission. Reliance Digital TV provides enhanced digital picture & sound because of MPEG-4 technology.

3. Can I use Cable as well as Reliance Digital TV service simultaneously?
Yes. Cable and Reliance Digital TV services can be used simultaneously on a single TV set. While cable will be used as per regular practice, Reliance Digital will get connected to one of the AV set and can be used by selecting that specific AV mode from the TV remote.

4. Can I connect Reliance Digital TV to two TV sets?
You can use Reliance Digital TV service on both TV sets with single Dish-LNB and STB (model 1). However, channel viewed on both the TV sets will be same. For independent viewing on both the TVs, 2 independent STBs, dual LNB and two subscriptions are required, although Dish can remain same.

5. Does Reliance Digital TV Service get affected by rains?
A few minutes of outage might occur during heavy rains. This phenomenon is called Rain Outage and it occurs in DTH platforms across the world.

6. Does Reliance Digital TV Service remain uniform throughout the year?
Reliance Digital TV Service will remain uniform throughout the year; except during the period of sun outage. Sun outage is the phenomenon of creating distortion of geostationary satellite signals caused by interference from solar radiations. Typically, it happens in the month of February, March, September and October.

7. Are there any Regional channels?
Popular Regional channels will be available on Reliance Digital TV platform. You will be able to view those Regional channels to which you have subscribed.

8. What if I shift/change my residence?
Since Reliance Digital TV services will be available across India, your equipment will remain the same anywhere in the country. Installation of the equipment will be done at the new place at nominal charges under Re-Location policy. You may contact Reliance Digital TV Customer Care centre to initiate the process.

9. How do I recharge my subscription?
Your Reliance Digital TV subscription can be recharged by a simple Reliance Digital TV Recharge Voucher (RCV). These vouchers are available at Reliance World and Reliance Communications outlets and with various dealers. After purchasing the RCV, remember to keep your Smart Card number and Recharge PIN number handy and then simply recharge using the following methods:
- Interactive Voice Response (IVR): Call 022-30337474 or 1800-200-9002 (toll-free) and follow the instructions on the IVR.
- Web Recharge: Log on to www.reliancedigitaltv.com, click on ‘Recharge’ and follow the instructions on your screen.
Call Reliance Digital TV Customer Care on 022-30338888 or 1800-200-9001 (toll-free) for assistance.

10. Will Reliance Digital TV remote work for my TV set also?
Reliance Digital TV remote is made to be used for Reliance Digital TV STB only. You can change channels and volume with your Reliance Digital TV remote for the Reliance Digital TV service. You will need to use your TV remote to operate TV/cable service.

11. What will happen if the STB, Dish, LNB, Smart Card or Remote is damaged due to natural disasters/any other calamities?
Reliance Digital TV is responsible for the maintenance of all equipment and services. In case of any damage to the equipment the damage will be evaluated and service will be provided on a chargeable basis.

12. Can I connect Reliance Digital TV to our PC?
No, this facility is currently not available with Reliance Digital TV.

13. Where can I get Reliance Digital TV equipment serviced?
Please call Reliance Digital TV Customer Care on 022-30338888 or 1800-200-9001 (toll-free) for assistance.
# Quick Troubleshooting Tips
